WILL RELIEVE CATARRH.

This winter, as last, will prove a harvest for the doctors and patent medcine manufacturers unless great care is taken to dress warm and keep the

This is the advice of a well-known local phydician and should be heedd by all who are subject to rheumatism, kidney and bladder troubles and especially catarrh. While the latter is considered by most sufferers an incurable disease, there are few men or women who will fail to experience great relief from the following simple home prescription, and if taken in time it may prevent an attack of catarrh during the entire season.

Here is the prescription which any one can wix: Fluid Extract Dandeion one-half ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla three ounces. Shake well in a bottle and use in teaspoonful doses after each meal and again at bedtime.

These are all vegetable ingredients and can be obtained from any good rescription pharmacy at small cost.

The Compound Kargon in this prescription acts directly upon the elimnative tissues of the kidneys to make them filter and strain from the blood, the poisons that produce all forms of catarrhal affections. Relief is often felt even after the first few doses and it is seldom that a sufferer ever experiences a return attack within the year.

This prescription makes a splendid remedy for all forms of blood disorders and such symptoms as lame back, bladder weaknesses and rheumatism pains are entirely dispelled.

As this valuable prescription comes from a thoroughly reliable source, it should be heeded by every afflicted reader.
